Clause 105. Packaging and marking

105.3 – Marking of the containers

105.3.3 – Delete the text in the Clause and replace it with:

105.3.3 – The concentration, according to the class of cleaning liquid (see Clause 104), shall be as follows:

For class A, the words: "לפחות 12% חומר פעיל" (meaning "at least 12% active material");

For class B, the words: "לפחות 18% חומר פעיל" (meaning "at least 18% active material");

For class C, the words: "לפחות 24% חומר פעיל" (meaning "at least 24% active material");

For class D, the words: "לפחות 36% חומר פעיל" (meaning "at least 36% active material").

Concentrations other than those given in this Clause shall not be marked. If the actual concentration differs from the above concentrations, the nearest concentration below the actual concentration, among the above concentrations, shall be marked.

The size of the letters shall be at least 3 mm high for containers of up to 1000 cc capacity and at least 5 mm high for containers whose capacity is greater than 1000 cc.

105.3.4 – Delete the text in the Clause and replace it with:

105.3.4 – The words, "לא למאכל" (meaning "Not for consumption") shall be stamped on the upper one third of the container and, if possible, in a color different from the background color. If this is impossible, in addition to being stamped, the words, "לא למאכל" shall be printed in larger letters and in a color different from the other markings.

The marking, "לא למאכל" shall be visible and not concealed in any manner whatsoever. The size of the letters shall be at least 4 mm high for containers of up to 1000 cc capacity and at least 5 mm high for containers whose capacity is greater than 1000 cc.
